―田中森朝美の手記―

私、田中森朝美といいます。親が借金を作って前の高校から、今の高校に転入してきました。この学校、変わった人たちばかりで、まだまた慣れるだけで精一杯です。でも私は、この学校で頑張ります。ふしぎで、すごく美しくて、そして魅力にあふれる光が、この学校にいるから――。

そんな私にお見合い話が舞い込んできたんです。イヤだから、家出しました。学校で寝泊まりしよう、そう考えていたんですが、こんな私を受け止めてくれる人がいたんです。

Character Rankings

VOLUME 1'S

They're my personal rankings

I'm planning to release the rankings in every volume

:3

7th Place RINA

She's pretty independent I mean, you don't have to worry about her at all

6th Place MIDORI

STRAIGHTENS

I love a J-POP group named "Greeeen," and named her "Midori" after them without much thinking. When I realized it later, I felt embarrassed... Aha...

3rd Place KURAKI

He's my favorite character! But he couldn't beat Arisugawa's pureness...!

5th Place OLD ARISUGAWA

I've never deformed a person this much before. Since I don't need a round pen, he's really easy to draw. I can finish drawing him in 2 minutes...

4th Place

SCHOOL CHAIRMAN

School Chairman's super straight long hair is really easy to draw. I hope she'll be a much cooler character from now on. She's rather mysterious right now, isn't she?

Superb 2nd Place

ARISUGAWA

I really like Arisugawa. He's a character who makes me feel like tousling his hair. I definitely enjoy drawing him. To be honest, I spoil this character so much. I think I'm gonna spoil him more in the 2nd volume. Yeah, I'm planning of spoiling him more and more. I want to talk a lot more about him...

Exception. Tanakamori

Let me say Tanakamori is an exception...! I mean I just can't rank her... She's neither No.1, No.2 nor No.3 to me. Like in a ghost leg lottery. I hope there's a vertical line without any horizontal lines that reaches her directly. She's just like that. I think I can come up with a little stupid story on her while telling you she's a character who doesn't really intend to act stupid. Please stay the way you are, Tanakamori, though I know you keep growing up.

Definitely 1st Place

AKIRA

Akira is naturally No.1 to me... he's cute and easy to draw...

(That's an author's love)

He looks like a comical character, but he's actually the most realistic one. Well, I feel that way. Since both Akira and Tanakamori are blood type A, I often feel, "Yeah, blood type A people might be like that." LOL

TANAKAMORI

Since she doesn't have bangs, Tanakamori's hair is rather difficult to keep balanced

Oh, I just love an always-serious character like her...!

The editor in charge often says "I wonder if this girl is st*pid," but you know it's okay, cause she's just serious and earnest

Other mangaka often say to me "What made you come up with a character like Tanakamori, Yoko?"

That's because I love a character like her, who is always serious and handles everything seriously

Even when everyone tells her it's time to laugh, she doesn't hear it and ends up painting herself into a corner

It's not like I can't leave her alone, but it's like I can't help playing with her

FuFu~

As she gets used to current situations and starts feeling at ease, I hope she'll be much cuter in personality

And I fear that she'll be taken in by someone some day

Her school uniform suits her best. When it comes to choosing casual clothes for her, I always struggle over choosing the right ones...

About her body line, I make sure to make her look like a girl, so I always draw her body rather round

There's a description on her body that I secretly set: she actually has big boobs. LOL

(Hehe)

I'm sorry...?

AKIRA

It takes time to draw his hair

I draw both his cute face and boyish one according to situations. When a story ends with him being cute all the way, I'm like, "Oh...?" Then I feel like drawing his face to look smart

His clothing line is rather showy. I kinda like using yellow, pink, and green colors for his clothes. Since I started drawing Akira, I've been reading Goth-Loli fashion mags

Since I can't wear them myself (because of my age), I always stare at him longingly

This drawing is the one that I think I gave color to Akira the best way I could. They're black and white though

If I'd colored this one, it would have been naturally pink, yellow and green, I think.

I always see to it that I don't ruin his beauty sense

Nyahoo

When I draw him like this, I always think "He must be having lots of fun."

And about his body line, I take into much consideration that he's a boy and always draw his stomach flat

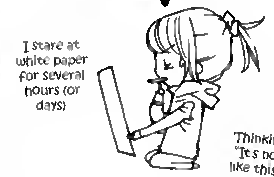
Pondering Maki



The "Shouri no Akuma" logo I had a designer make it for me. Since it has a tremendous impact and also some cuteness, I like it a lot.

However every month I have a hard time drawing a cool illustration that goes well with the logo.

Also I can't place the logo anywhere I like on an illustration, so I always have to think hard where I should put it. ? ?

I'm doing my best —! ? ?

The one I've liked the best so far is an opening page of Chapter 3, where I put the logo in center of the illustration. ♪♪

I believe that it fit really well there. ✧✧

Thus I'd like to make different outlines
